

# Designs Ink Stepped Float Frame Kits™

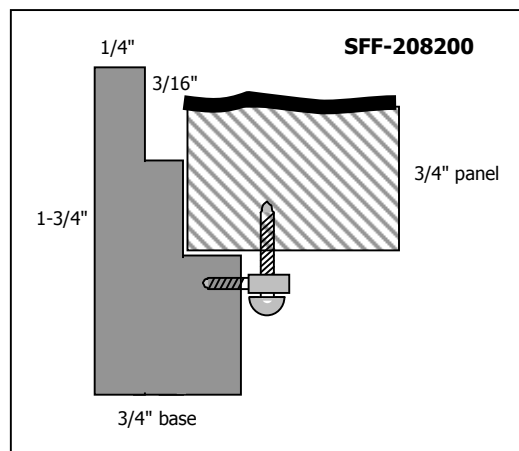

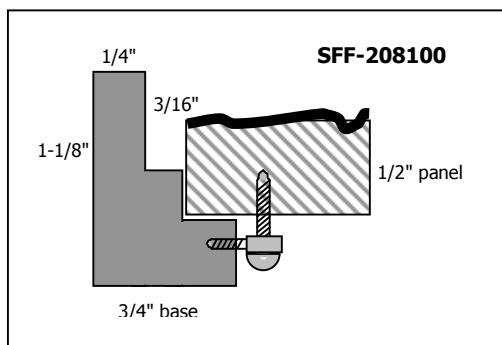

## for Paintings on Hardboard and Panels

Designs Ink . 785 Tucker Road . Suite G-183 . Tehachapi CA . <http://designsinkart.com> . P 661-821-2188 . F 661-821-2180  
 Designs Ink Float Frames™ are trademarked products

Designs Ink currently offers two **Stepped Float Frames**. Both are made of raw basswood and are sold unfinished as an economy alternative to our ready-to-hang float frame kits. They are fully sanded and ready to paint, stain and/or varnish. All Designs Ink **Float Frame Kits™** include horizontal screw eyes, vertical screws, and hanging hardware for display.

**SFF-208100** – 1-1/8" small unfinished, sanded basswood moulding for maximum 1/2" wood panel, MDF or hardboard  
**SFF-208200** – 1-3/4" medium unfinished, sanded basswood moulding for maximum 3/4" wood panel or birch cradle

These versatile, economy unfinished frames are ready to be painted or stained then sealed for display use. Both require horizontal eye or L-bracket mounting. Hardware is included in kit pricing. Other finished step profiles will be added in time.

Custom frame sizes available upon request.

Special orders for raw, sanded, or stained profiles in basswood, cherry and maple are available. Call for pricing. Unfinished length moulding is available in 4' legs only, and will make a frame for a 10x10" panel.
